

Elpress Mini

- electro-hydraulic crimping tool for 30 A and 63 A

PVL130L

The Elpress mini tool PVL130L in a new sleek design with a high performance Li-Ion battery that streamlines your work with its improved battery capacity. To be used for crimping of standard tap changers for 30A and 63 A.

CHARACTERISTICS:

- Single-handed operation for easy control of all tool functions
- Powerful crimping head ensures long service life
- Easy to use due to its low weight
- High-performance 10.8 V Li-Ion battery – with indication of charge status
- Rotatable head
- Easy and comfortable to use with one hand thanks to its ergonomic 2-component housing with grip-friendly protection
- Automatic return of dies when crimping is completed
- Delivered in a robust plastic case with battery, charger and instruction

TECHNICAL DATA PVL130L:

Crimping force	13 kN
Crimping range	30 A and 63 A
Crimping process	about 3 s (dependent on material)
Battery voltage	10.8 V
Battery capacity	1.5 Ah, Li-Ion
Charge time	about 40 minutes.
Weight including battery	1.5 kg
Ambient temperature	-10°C to +40°C
Dimensions	325 x 85 x 60 mm

Elpress MINI – crimping dies

Transformer tap changer	Die No.
Size Ø 5 mm	LB5
Size Ø 7 mm	LB7

Crimping dies LB7.
